

AYSC RAIN POLICY

The president of AYSC or his designee will call each league prior to 2:30 if any of the fields at AYSC are closed due to rain or other conditions. When teams arrive at AYSC and it is raining too much or there is lightning, then they need to leave. Leagues must use common sense and play their games based upon current field conditions at the time their games start. If you do not hear from any AYSC rep, then the fields are open. There is no need to call the president or anyone of AYSC to see if the fields are open, just check with your league's representative. If no one calls you then the fields are open.
