

## **A MESSAGE FROM THE PRESIDENT**

*To all Parents and Families*

*Welcome to the 2012 season at Little Lake Little League. Our Little League program celebrates its 59th year of creating lifelong memories for children and families. Having had the privilege of being a parent, a coach, a board member, and the experience of being the president of this organization, I know first hand the benefits that playing in this league gives great pleasures to our children. It's not just about baseball, it's about the values of teamwork, community commitment, passion, and pride. The tradition of greatness lives on with each and every child that puts on the little league uniform.*

*This league is not only a place for your sons and daughters, but for the whole family as well. In these times of economic challenge and rising demands, little league baseball remains a place where your family can celebrate all that is still good and simple. I invite you to bring your families to our league park, and spend the day enjoying their childhood and being part of our community.*

*I want to thank the volunteers in this organization from our managers, coaches, team moms, as well as our board members for their valuable time of contributing in helping make Little Lake Little League a enjoyable and safer place for our sons and daughters to play.*

*Thank you for your support of Little Lake Little League, and here's to another great season.*

*Sincerely*

*Mark Hamilton  
President  
Little Lake Little League*
