

Oceanside American Boundaries

Oceanside American Little League Boundaries

During the 2004-2005 off-season, the president's from **Oceanside American**, **Oceanside Valley** and **Oceanside National** Little League got together and re-aligned the leagues' boundaries. **Oceanside American** Little League Boundaries: beginning at the Pacific Ocean to Tamarack Avenue (Carlsbad), east to El Camino Real, north until it ends at Douglas Drive. Take Douglas Drive to the San Luis Rey River. Take the San Luis Rey River west to Plumosa Street. Extend Plumosa Street to Camp Pendleton border.

All residents living within these boundaries are part of **Oceanside American** Little League. If you live outside these boundaries, you will play in either **Oceanside National** or **Oceanside Valley** Little League.

NOTE: If you played in **Oceanside American** Little League in 2004 and now live outside the boundaries, because the leagues re-aligned these boundaries, you're grandfathered in and can continue to play at **Oceanside American** Little League under a 2(d) waiver. However, a player who qualifies under this regulation and elected not to participate last season (2005) is *not eligible* to return this season.
