

Craig Carmen, candidate for Vice President for baseball

I have coached 2 sons at the complex going back to the day the complex opened. I currently coach my youngest son, Dylan, on the Bronco Dodgers. In addition to coaching my team, I am the Bronco Field Director. Last summer, I volunteered to head a committee that includes all the field directors. In a short period of time, I have organized and completed many projects. Last labor Day weekend, I had sand delivered and dumped on 8 of the 12 fields. We had volunteers with heavy equipment grade and mix the sand into the clay. Over the winter, we built a storage bin by the dumpster. The bins were built to hold dirt, clay, and sand as a backup supply. We built a fence at the girls Pinto field and added height to the fence at the boys Bronco field. I had 6 loads of clay delivered in March and spread and graded into 6 of the fields. We have done work on the boys Pony field. The sprinkler system is being fixed and we have plans this summer to improve the field conditions. As most people who know me, they also know that I umpire for EOA. I am a high school varsity level umpire who also accepts assignments to umpire in several recreation leagues that EOA has a contract with, including SCAA. Many families at SCAA know me through my coaching, volunteer work, and umpire assignments. I have a passion for baseball, and a love for baseball at SCAA. If elected, I will continue to work hard, to make the necessary improvements, so that our children can enjoy the game of baseball at its highest level. The game is about the kids and the fun and joy they receive from playing. I will ensure that each kid leaves the game with a lifetime of wonderful

memories of playing ball at SCAA. I promise to have all of the kids best interests in my heart.
Craig Carmen, candidate for Vice President for baseball.
