

# Wall-Mounted Cardinal Cutout

Jeff Danielson (Ideal Carpenter) has come up with a unique idea: a Cardinal cutout that can be mounted on a wall. The cutouts are the same size as the Cardinal Driveway Paintings (approx 2'H x 3'W) and are made from 3/8" plywood. You can choose whether you want your Cardinal looking left or looking right. A couple photographs of the cutouts are provided below.

Cost of each cutout is \$35.00 (mounting hardware not included). If you are interested in ordering a Cardinal Cutout, contact Jeff Danielson at 763.300.7752 or [jdaniel518@comcast.net](mailto:jdaniel518@comcast.net).
