

FWNLL Animal Policy

March, 2011

FWNLL Animal Policy

For FWNLL Complex:

All animals (especially dogs) are prohibited to ensure the safety of all visitors, to meet insurance requirements, to assure the health of our four legged friends, and to maintain the cleanliness of our park. The only exception is a certified, working support animal with the appropriate documentation.

In the event an animal is brought into the complex during FWNLL sponsored events, the following will be observed:

1. The owner will be asked by any FWNLL participant or volunteer to immediately remove the animal from the complex and provided a copy of this policy.
2. If the owner refuses to leave the complex within 5 minutes, the FW Police department will be called so that the pets can be removed.

For Federal Way School Locations:

Animal are discouraged due to the risk to players and fans as well as the risk of owners not cleaning up after their pets. FWNLL assumes no liability or responsibility of any kind for any incidents involving animals on public property during FWNLL events.

Thank you for your cooperation and consideration.
