

THE LITTLE LEAGUE UMPIRE

Umpires play an exciting, decisive and challenging role within Little League and they are vitally important to the success of every Little League organization. Though the responsibility of being an umpire is challenging, the personal rewards, friendships and experience can be very satisfying.

Over the years it has become increasingly important to provide competent, dedicated, volunteer umpires who will promote proper conduct of the sport and the development of today's youth. Umpires who take time to exhibit their concern and interest are to be commended for their efforts. Many more umpires, however, are needed.

It takes a special kind of person to be a Little League umpire. Little League umpires need to be sensitive to the concerns of youth and not have a demanding, dictatorial personality. Remember that this is Little League and the children enrolled are seeking to have an enjoyable summer playing baseball and softball.

Working toward the continuing goal of providing outstanding leadership for the millions of youngsters participating in its program, Little League makes it possible for the umpires of local leagues to participate in training schools operated by Little League Baseball & Softball. The Eastern Regional Umpire School, which operates as a non-profit function of Little League, will be taught at the Eastern Regional Headquarters in Bristol, Connecticut.

This school is one of the essential phases of the overall Adult Leadership Training service through which thousands of volunteers have benefited. Playing rules and regulations are discussed in the morning classroom meetings and actual or simulated game experience is provided for every umpire each day.

The registration fee is **\$250.00** per person per session and includes dormitory room, meals, instructional materials, testing and critique sessions. A registration form must be completed for each person planning to attend. NOTE: Female umpires are encouraged to apply and separate lodging at the Giamatti Center will be provided.

PLEASE NOTE: To be affective the attendance of Umpire Schools are limited to 27. Reservations will be taken on a first-come first serve basis and the number of registrants is limited.
