

**Little League Baseball & Softball Day
Boston College
Sunday, May 3rd at 12:00 PM**

On May 3, Little League Baseball and Softball and Boston College's Baseball and Softball teams would like to invite you and your Little Leaguers to attend the "Little League Baseball & Softball Day." These games will be held at the home field of the Eagles of Boston College in Chestnut Hill at 12:00 PM.

Boston College Game Information

Baseball vs. the University of Miami at Pellagrini Diamond at Shea Field
Softball vs. Florida State University at Shea Softball Field

In order to promote Little League Baseball & Softball, as well as the college experience, Little League Baseball and Softball is creating a "Little League Day" at the collegiate level. It is on this day that young athletes of all ages will get to experience the game at its finest. They will have the complete game experience from the warm up to the game-ending play.

A "Little League Day" is designed to promote what participating in Little League Baseball & Softball can potentially lead to. It will also provide a generous amount of exposure to the participating colleges and universities. This event could lead to an on-going relationship between the local collegiate programs and their surrounding Little Leagues.

On Game-day:

- The Little League players, parents, coaches and managers may attend the games at no charge. Little League players are required to wear their uniform shirt and should have their Official Little League patch sewn onto the left shoulder of their uniform shirt in order to be identified for admission.
- In-Game Promotions
- After the games, the Little League players will be permitted on to the field so that they can interact with the Boston College players. Little Leaguers can ask the college players questions directly and receive autographs. (*This session will be limited to approximately 30 to 45 minutes.*)

On behalf of Little League Baseball and Softball, I urge you to take advantage of this wonderful opportunity. Please feel free to contact me or Brad if you have any questions.

We hope to see you there!

Sincerely,

John Berardi
