BULLPEN PROGRAMS

BASEBALL

HITTING

Learn the proper body mechanics to deliver a more powerful and consistent swing. Learn how to hit to all fields. Improve your game with the addition of a short, quick swing

PITCHING

All areas of pitching will be covered from proper throwing mechanics, to covering first, pick off moves, double plays, and proper wind-up. You will improve velocity and control through the winter maintenance program.

CATCHING

Learn the proper receiving stance, ball-blocking techniques, foot work, throwing quickly to bases and pitch sequences. Learn the importance of a catcher to the team and how vital he is to the teams success.

SOFTBALL

Quality instruction by former Canadian National team members is available for all levels of players in all positions for fast pitch softball. We customize our programs according to the skill level of our participants, from basic fundamentals to advanced techniques.

HITTING PROGRAM

Offers you in-depth instruction of hitting mechanics and bunting.

PITCHING PROGRAM

Focuses on the mechanics and drills design to develop and improve pitching form. Improve your speed, accuracy and stamina while developing various pitches.

CATCHING PROGRAM

Reinforces basic mechanics including set up, pick offs, steals and blocking
