

The HSFC has created a customizable system of Mini-Camp activities that will offer hours of specialized training in many different skills areas. Each family member may choose from any of the Mini-Camps offered and attend that Mini-Camp every morning, while still having time for afternoon activities and evening worship with their families.

The HSFC is presented by an alliance of local home school ministries and coordinated through the Family Directed

Education Foundation (FDEF). The HSFC has brought together leaders from some of the most dynamic home education programs in Texas. In partnership with Trinity Pines Conference Center, the HSFC is pleased to offer a dynamic week of camp for each member of your family, preschool through

"The Family Directed Education Foundation is all about bringing families TOGETHER and teaching them God's plan for family-life. His desire has always been for families to grow spiritually, socially and academically as a unit within the home, but also utilizing key outside resources to assist in this growth. The Home School Family Camp program is designed to teach and develop personal skills, build unity within families and yet challenge and inspire each family member toward spiritual maturity."
