The Wounded Warrior Amputee Softball Team

The Wounded Warrior Amputee Softball Team (WWAST) is comprised of competitive, athletic veterans and active duty soldiers who have lost limbs. The WWAST represents some of our nation’s bravest and most determined heroes, soldiers and veterans. These men have sustained severe injuries resulting in amputation, and through extensive rehabilitation, they have become competitive athletes again, playing against able-bodied teams across the country. Their armor now includes prosthetic legs and arms, along with extreme perseverance and attitude.

WWAST athletes are examples of amputees who continue to push the limits of modern prosthetic technology with more and more applications. Of course, our dream would be the return of our soldiers from harm’s way without the resulting loss of life and limb. Until such a time, there goal is to support and honor our soldiers and veterans’ sacrifices, and to show other amputees and everyone who sees or hears about us that **“Life without a Limb is Limitless.”**

Since the start of WWAST over 85% of their donations have supported programs assisting other Wounded Warrior Amputees, amputee children, and medical research.

WWAST – Kids Camp

Recognizing the positive impact Wounded Warrior Amputee Softball Team™ (WWAST) players have on children with amputations or missing limbs, we created a softball camp for such children where WWAST players serve as the coaches and mentors. Twenty terrific kids attended our inaugural Kids Camp in Orlando, FL in June of 2013. Kids Camp is an annual WWAST event as we continue our mission to educate and inspire these children who face many of the same challenges as our WWAST players. We believe it is a win for the kids and a win for the WWAST players who have already served their country, and who continue to serve in this important way.

The Kids Camp will be held at the SNHU Softball Field:

Tuesday – Friday between 9:00 AM - Noon.
